Dear Parents and Carers,

The pupils have had a fabulous week of learning with many classes having an increase in science learning this week supporting British Science Week. Please visit our social media sites for more information on the learning completed this week.

### **Lunch time provision**

As the weather is improving, and we are able to be together again as a whole school community we will be reverting to the 1-hour lunch break (12:00-13:00) across the whole school with pupils having access to the field area, weather permitting. This will enable the pupils to have more time outside during their hour lunch break which reinforces the importance of pupils being active on a daily basis.

I am delighted to inform you that whole school assemblies have also returned. The pupils were amazing during the assembly this week focussed on 'What is science?'. They display excellent focus and participation. It was wonderful to be back together again.

### **Pond Project - Outdoor learning**

We would be delighted to receive any community support and parental involvement with our development project. Do we have any pond enthusiasts within our Summercourt community? Is anyone able to offer guidance, support or expert advice with our vision to develop the pond area? Please get in touch with us if you are able to support us in any way. It would be fantastic for this to be an improvement project involving the pupils, staff, parents and the community.

Thank you to T Julian and Sons for supplying the skip, free of charge, to Summercourt to support the clearing out of the pond and school garden area.
