HAPPY NEW YEAR
2020

CLASS 1

This week the children have been exploring our new topic 'Where will we go? They made a 2d shape rocket picture and in teams used everyday objects and equipment to make a large scale rocket for their team to sit in. We have also started the next Jigsaw 'puzzle' called Dreams and Goals. We had great fun challenging ourselves to build a tower of cards - it was tricky, but we learnt to persevere and keep going!

CLASS 2

On the first day of spring term, Class 2 had a fantastic animal themed party to launch our brand new project about animals and habitats. Our enquiry question is "Where in the world do you want to live?". The children have shared their knowledge about their favourite animals and they are beginning to ask more questions to investigate about what's to come in the weeks ahead—how exciting!

Please note that we will be doing PE on Mondays this year.

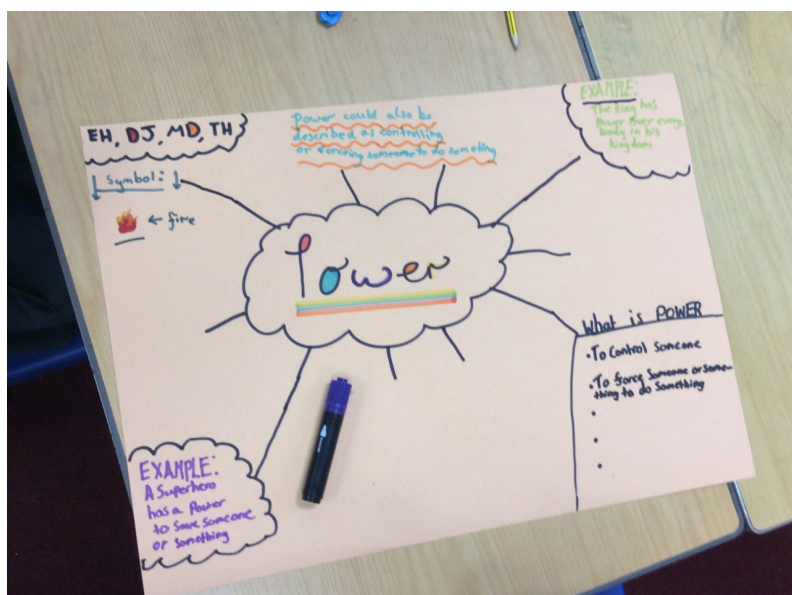

CLASS 3

Class 3 have been learning all about green and flowering plants. We examined the structure of flowers very carefully by taking them apart and looking at the different parts with magnifying glasses. We have also been exploring pollination and how plants disperse their seeds

CLASS 4

Class 4 enjoyed their first day of the spring term thinking about different elements of power and different displays of power as part of their new project question: "What is power?"

FOREST SCHOOL

The Forest school provision begins for Class 3 on Monday 13th January 2020.

Can you make sure you send children to school with waterproofs and wellies if they are attending. Thank you.

School Census Day Thursday 16th January

Next Thursday, 16th January 2020, is a National School Census Day. This is when the Department for Education (DfE) collects information about each school to help them plan for the future and, most importantly, the data is used to set future school budgets.

One of the figures we have to report is the number of Reception and Years 1 & 2 children who are having a Universal Infant Free School Meal (UIFSM) on this day.

The census data is then used to decide how much funding for the year we get for our hot meals. This means that if your child does not have a meal on Thursday, we will not receive any further funding for the rest of the year. If your child chooses to have a meal on another day, we will have to fund this from our school budget. We do not receive funding for the amount of hot meals we supply, only the number of meals eaten on the two census days in October and January each year.

Our solution to this problem is to ask every child in Reception, Year 1 and Year 2 to try the hot meal on Census Day. Then your child will be fully funded to have hot meals during the year thus saving the school any additional costs.

We will be offering: Classic American Beef Burger or Vegetable Burger (with or without cheese, salad, onion rings) Chips, Peas or Beans, Chocolate Cake & Chocolate Sauce or Chocolate Ice Cream.

TUCK SHOP PRICES

Crumpets, Cheesy Muffins, Cheese on Toast **30p**

Popcorn **50p**, Milkshakes & Apple Juices **50p**

ONLINE SAFETY TALK

Our IT Aspire Lead will be coming into school to run an online safety talk for parents and carers on Tuesday 21st January 2020 from 2:30pm-3:10pm, anyone interested is welcome to attend.

FREE PARENTING WORKSHOPS

We are hosting a 4 week free Family Learning Workshop available to all our parents. Please join us on Mondays from 9am-10.30am. Any childcare costs incurred for attending the course can be claimed back, see the school office for a claim form. Please contact Becky Nugent in the school office on **01726 860551** to get your places booked. The next workshop will take place on January 13th 2020.

Reading

"Today's discussions have helped me to understand how children read and I feel more confident in being able to help my child with reading."

Writing

"I have gained loads of information to help me support my children with improving and developing their writing skills."

Maths

"Such an excellent course, with some great resources to take away with us. We have learnt lots of ideas on how to make maths fun."

Computers

"I have gained a shared hobby and interest with my son. He has now learnt how to use the laptop responsibly because of this course."

"We are always delighted with the response we receive from both parents and children after we have hosted courses/workshops provided by the Cornwall Adult Education Service.

The Family Learning tutor is approachable and friendly and is able to communicate potentially difficult topics to parents with ease. Some of our parents find it difficult to engage but the responses we have to the invitations we send out is usually really positive.

The courses help to raise awareness of topics such as literacy, numeracy and family relationships. The children enjoy attending the workshops with their parents and the improvement in their self-esteem is evident."

Jo Davidson,
KS2 SENDCo at Penryn Primary Academy
